

# Christian Scientists Plan Special Services

Thanksgiving Day services will be held in First Church of Christ, Scientist at 11 a.m. Visitors are welcome. One feature of the service will be a period when individual Christian Scientists stand up voluntarily to ex-

press their thanks to God in their own words.

The sermon on "Thanksgiving" — as in all Christian Science services — will consist of readings from the Bible, and also from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy. There will also be hymns and a period of prayer.

The Golden text for the day is from Psalms 22: "All the ends of the world shall remember and turn unto the Lord; and all the kindreds of the nations shall worship before thee."

A related passage to be read from Science and Health includes these lines: "It should be thoroughly understood that all men have one Mind, one God and Father, one Life, Truth, and Love. Mankind will become perfect in proportion as this fact becomes apparent, war will cease and the true brotherhood of man will be established."

ROBERT K. SQUIRE, Torrance manufacturer, temperance leader—"If you can't have a good time without getting a little drunk you don't need a drink, you need a psychiatrist."

We are pleased to announce that Mr. Charles Goodale is now associated with

JOHN P. SUTHERLAND District Supervisor

## Witnesses Get New Supervisor

John P. Sutherland, Brooklyn, N. Y., has been appointed district supervisor in Southern California for Jehovah's Witnesses. He has been assigned to California Circuit No. 16 semi-annual assembly. The semi-annual assembly will be held Dec. 11-13 at the Longshoremen's Memorial Auditorium, C and Fries streets in Wilmington, according to Leonard Olliff, presiding minister of the Torrance Congregation.

Sutherland was immersed in 1940 at Detroit, Mich., and has been associated with the New World Society of Jehovah's Witnesses for the past 24 years.

He will give the keynote address, "Speak the Word of God with Boldness," at the assembly. Many members of the Torrance Congregation are expected to attend.

## Necromancy Denounced In Lesson

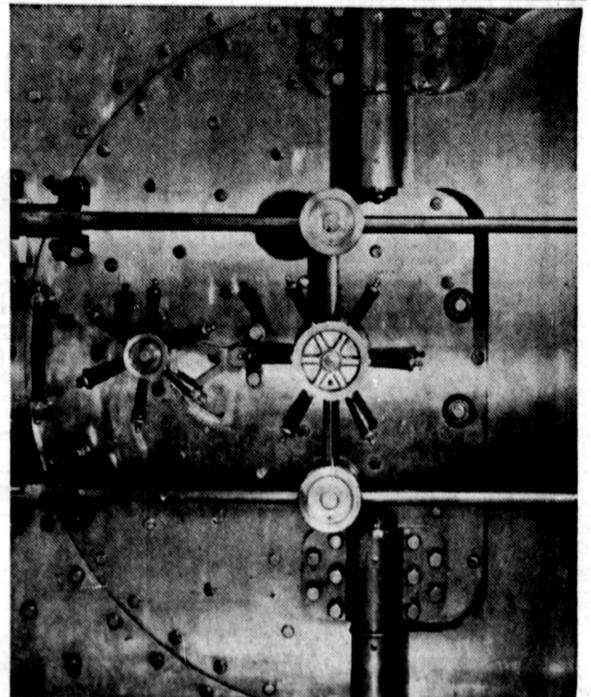

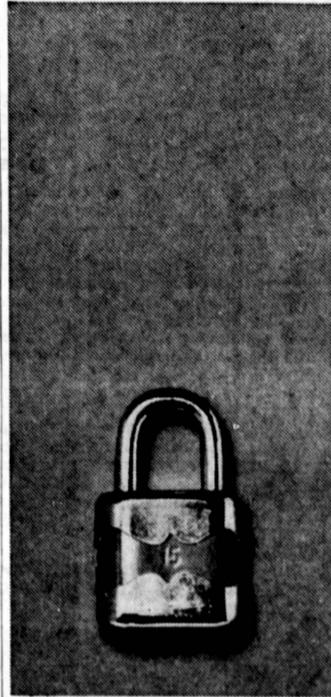

The power of Truth over illusion will be a central theme at Christian Science churches this Sunday. The hypnotic nature of evil will also be described in a Bible Lesson on the subject: "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, denounced."

Featured will be this vivid passage from Revelation 12: "And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world."

Related reading from the Christian Science textbook will include these lines: "Mortal mind is constantly producing on mortal body the results of false opinions; and it will continue to do so, until mortal error is deprived of its imaginary powers by Truth, which sweeps away the gossamer web of mortal illusion... Truth casts out error now as surely as it did nineteen centuries ago." (Science and Health with Key to the Scriptures by Mary Baker Eddy.)

## How much safety do you want for your money?

Financial safety comes in all shapes and sizes. There are safe investments and risky investments—and ones that are in between. Depending upon how much risk you want to take, your money can be invested in a variety of ways.

Your savings, however, are another thing. This is money you do not want to risk—no

matter how safe the investment appears. This is money you want to be able to count on at all times and under all conditions. And when you want your money that safe and that available—you want it in the bank.
